## HEALTH AWARENESS FOR APRIL - NATIONAL MINORITY HEALTH MONTH

**Every April, the HHS Office of Minority Health (OMH) observes National Minority Health Month** to highlight the importance of improving the health of racial and ethnic minorities and reducing health disparities.

OMH is proud to announce the theme for National Minority Health Month 2022: **“Give Your Community a Boost!”** This year’s theme focuses on the continued importance of COVID-19 vaccination, including boosters, as one of the strongest tools we have to end the COVID-19 pandemic that has disproportionately affected communities of color. This theme supplements **the CDC recommendations to prevent COVID transmissions, such as physical distancing, use of well-fitting masks, adequate ventilation, and avoidance of crowded indoor spaces.** Experiences with racism and discrimination can contribute to mistrust of the healthcare system among racial and ethnic minority groups, leading to mistrust of factual information on vaccines and boosters. Because of this, the **Give Your Community a Boost!** theme also supports the U.S. Surgeon General's recommendations on combating COVID-19 and vaccine misinformation at the individual, community, and organizational levels.

## **FIND COVID-19 VACCINES OR BOOSTERS NEAR YOU**

**\*\*Personal hygiene begins and ends with our hands.** Though we're taught as youngsters to wash our hands before dinner, it's important to remember that germs don't care what time of day it is. Clean hands prevent sickness. So it's especially important to learn the basics about hand hygiene so that you, too, can become a champion hand washer!
