God Bless You in The New Year

“I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me.” Galatians 2:20 NIV

Church-Wide

2022 Year-End Tithes and Offerings Reminder

ATTENTION: In order for your contribution record to be accurate and up-to-date, please complete your offering envelope in “**FULL**”; with your name, address, phone number and amount. Please be aware that we have several families with the same last name. For example, if you only write “Smith Family” with no address or phone number, we have no way of knowing who you are. There will be no comparable information in our system. Please be advised that the office does not see your check from Sundays’ Giving to get the information from; we only have the envelope. Also, please help us keep our records as accurate as possible by printing “**LEGIBLY**”

Congratulations

To those celebrating birthdays and anniversaries in the month of January.

“If we love one another, God dwelleth in us, and His love is perfected in us.” I John 4:12

Health Awareness for January

How to order free at-home COVID-19 tests from the government

Americans will be able to order free at-home COVID-19 test kits from the government, in the Biden Administration's ongoing effort to curb the latest, record-breaking coronavirus surge.

Where can you find the tests?

Starting Jan. 19, people can visit <https://www.covidtests.gov/> to order their free at-home tests.

Safe, Easy, Free, and Nearby COVID-19 Vaccination

The federal government is providing the vaccine free of charge to all people living in the U.S., regardless of their immigration or health insurance status.

Find COVID-19 Vaccines or Boosters Near You

Find a COVID-19 vaccine or booster: Search vaccines.gov, text your ZIP code to 438829, or call 1-800-232-0233 to find locations near you

There are several ways you can look for vaccination providers near you in the United States.

- Visit [Vaccines.gov](https://vaccines.gov) to find vaccination providers near you. In some states, information may be limited while more U. S. vaccination providers and pharmacies are being added. Learn more about COVID-19 Vaccination Locations on [Vaccines.gov](https://vaccines.gov).
- Text your ZIP code to 438829 or call 1-800-232-0233 to find vaccine locations near you in the United States.
- Ask your doctor, pharmacist, or community health center if they provide vaccines.
- Check your local pharmacy’s website to see if vaccination appointments are available. Find out which pharmacies are participating in the Federal Retail Pharmacy Program.

- Contact your state health department to find additional vaccination locations in the area.
- Check your local news outlets. They may have information on how to get a vaccination appointment.

- **National Birth Defects Awareness Month**

CDC recognizes January as National Birth Defects Awareness Month. This is a time to raise awareness about birth defects and highlight efforts to improve the health of people living with these conditions across their lifespan. Join the nationwide effort to raise awareness of birth defects and their impact on individuals, parents, and families.

- **National Blood Donor Month**

A blood donation is truly an altruistic gift that an individual can give to others in need. In only 45-60 minutes, an eligible individual can donate one unit of blood that can be separated into four individual components that could help save multiple lives.

****Personal hygiene begins and ends with our hands.** Though we're taught as youngsters to wash our hands before dinner, it's important to remember that germs don't care what time of day it is. Clean hands prevent sickness. So it's especially important to learn the basics about hand hygiene so that you, too, can become a champion hand washer!
